OPEN BOOK ASSIGNMENT 15th Nov 2024 – WITI Cohort 4

Form groups of 5 and in each group delegate a one individual per question.

- Ensure to name you repository with "group-name-question-number" E.g **"group-one-question-5"**

1. **Responsive Navigation Menu**:

- Build a navigation menu that adjusts its layout based on the screen size using CSS media queries. Ensure it is mobile-friendly.

2. **CSS Grid Layout**:

   Use CSS Grid to create a multi-column layout for a news website, including headers, footers, sidebars, and main content areas.

3. **Image Gallery with Flexbox**:

   Create an image gallery where images are neatly aligned using CSS Flexbox. Include hover effects that display image captions.

4. **Registration Form Styling**:

   Develop a user registration form with HTML input fields for username, email, password, and a submit button. Style it using CSS to make it visually appealing.

5. **Sticky Header**:
   Design a webpage where the header remains fixed at the top of the viewport when scrolling down the page.
